

LEED[®] Statement

05 7310 05 7360 Handrails and Railings	LEED Statement	Points
Material and Resources Credit 4: Recycled Content	Stainless Steel averages 65% recycled scrap depending on chemical composition of grades, please be advised that each production uses a different range of recycled content and is not specific to each stainless steel product.	2
Indoor Environmental Quality Credit 3.1: Construction Management Plan	Vanrohe Handrails and Railings are pre fabricated. Because of this, no cutting, drilling or filing is required on-site, increasing indoor air quality for the trades people and other occupants.	1
Indoor Environmental Quality Credit 4.2: Low-Emitting Materials	Vanrohe Handrails and Railings are pre finished, requiring no field finishing. All VOC's are filtered and incinerated allowing no escape into the environment.	1
